

GCSE EXAM TIMETABLES AND STATEMENTS OF ENTRY EXPLAINED

You may not fully understand the codes that are used for exams and I hope that the following information will help you do so.

The yellow sheet is a Statement of Entry which should list every entry that's been made for your son or daughter, regardless of whether the unit is coursework, controlled assessment, practical, oral or a written exam. Some subjects also require a separate code to be made for the "cash-in", which is necessary to inform the Exam Board that the student wants to claim their overall qualification. Everything must appear on this sheet in order to confirm that an entry has been made.

The blue sheet is the Exam Timetable showing all of the written exams that your son or daughter will take this year that have a set date and time. Coursework, controlled assessment, practical or oral exams will not appear on here and nor will the cash-in codes. This means that for some subjects (such as Drama), no entries will appear because the qualification is made up of coursework or practical exams. You check these entries on the yellow statement of entry.

WHAT YOU SHOULD SEE IN ORDER TO CONFIRM THAT THE CORRECT ENTRIES HAVE BEEN MADE:
